

SQL Tab

This is the base window for SQL Queries. The editing area allows you to write any SQL syntax for an SQLite Database.

See the **Base Buttons** help topic for a discussion on these buttons:

See the **Special Buttons** help topic for a discussion on these buttons:

See the **Tables and Views** help topic for a discussion on the Table/View and Fields shown on the right hand side:

Tables and Views	
sqlite_master	Table
Customers	Table
InvoiceItems	Table
